**ASSESSMENT PERIOD**

**2018-2019 TO 2022-2023**

**SUPPORTING ATTACHMENTS**

**CRITERION – 2**

**Key Indicator – 2.3 Teaching- Learning Process**

*2.3.1. Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process*

## Student Seminar as Participative and Experiential Learning

SSM's student-centric seminar epitomizes experiential learning by placing the student at the center of the educational process, fostering active participation, critical thinking, and collaborative problem-solving. Through interactive discussions, practical activities, and engagement with real-world scenarios, students gain firsthand experience, transforming theoretical knowledge into practical skills.

The students of chemistry honours Sem II are hereby directed to submit a synopsis for seminar presentation by 25.03.2019 for their internal assessment on one each from CC3 & CC4:

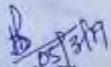

**CC3 (any one)**

- i) Reactive intermediates
- ii) Hybridisation
- iii) Optical isomerism
- iv) Elimination reactions
- v) Conformational analysis of cyclohexane
- vi) Aromaticity

**CC4 (any one)**

- i) Colligative property (any one)
- ii) Le-Chatliers principle
- iii) Thermo-chemistry
- iv) Chemical equilibrium
- v) Solutions

The students are directed to give a PowerPoint presentation of maximum 10 minutes duration on their selected topic on 09<sup>th</sup> and 10<sup>th</sup> April 2019. The schedule of the same will be published after the submission of their synopsis.

**Objective:** The objective of organizing students' seminar is to encourage them about their communication skill, to develop their subject knowledge by discussion amongst them & with the teachers.

**Event Summary:** A departmental students' seminar presentation on "Chemistry and its Various aspects" was organized by Department of Chemistry in collaboration of IQAC, Surya Sen Mahavidyalaya, from 9<sup>th</sup> June to 14<sup>th</sup> June 2021 via virtual mode. All the honours students of 4<sup>th</sup> and 6<sup>th</sup> semester delivered their presentation on selected topics from different branches of chemistry. 2<sup>nd</sup> semester hons. students were present as audience to gather experience. It was fascinating to observe them as growing speakers as well as presenters.

Dear Chemistry honours Students,  
we are going to organise a 3-day  
departmental workshop on -  
'Softwares in Chemistry' where you  
will be able to learn computer software  
and mobile applications by which you  
can draw all chemical structures,  
reactions etc. This will help you in many  
fields up to research level.

Date : 23rd June 2021 to 25th June 2021

### Event Name: Departmental Workshop on Softwares in Chemistry

**Objective:** The objective of organizing this workshop was to keep students updated about various softwares used in research field of Chemistry. It will help them to incorporate further studies smoothly.

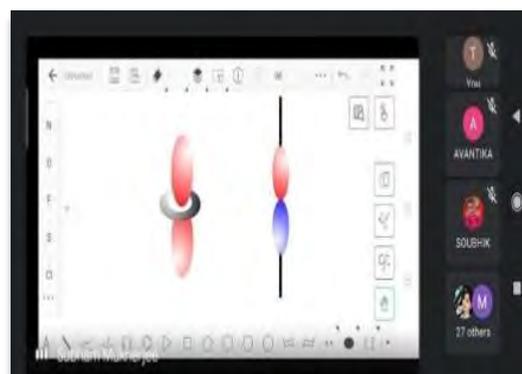

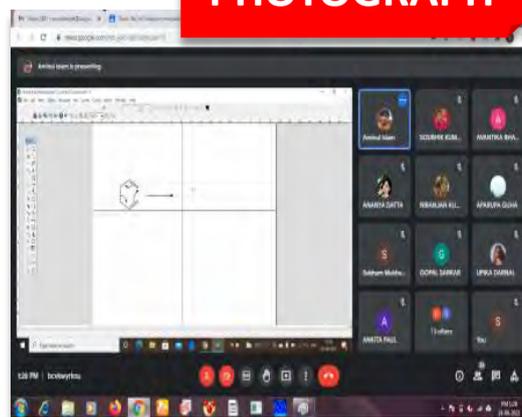

**Event Summary:** Department of Chemistry, Surya Sen Mahavidyalaya organised a 3-days workshop on 'Softwares in Chemistry' from 23<sup>rd</sup> June to 25<sup>th</sup> June 2021 in collaboration with IQAC, Surya Sen Mahavidyalaya through online mode and it has set an example that pandemic situation cannot stop learning. Dr. P.K. Mishra, Hon'ble Principal, Surya Sen Mahavidyalaya, inaugurated the workshop in presence of the IQAC Coordinator, Dr. A. Baul, all the faculties and honours students of three semesters. Use of various softwares and applications used in chemistry were introduced and demonstrated by three faculties of the department, they are Ms. Pallabi Sarkar, Mr. Subham Mukherjee and Mr. Aminul Islam. Students gathered in depth knowledge and hands-on training on PC softwares like Origin, ArgusLab, Avagadro, Rasmole etc and mobile applications like Chem Draw, King Draw etc. To check teachers' effort, students were asked to submit their drawings using these softwares. They completed all the assignments enthusiastically which ends the programme with grand success.

### REPORT OF STUDENT CENTRIC SEMINAR

**Event Name: Student Centric Seminar**

**Title: "The Mother Earth"**

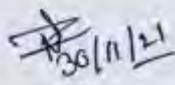

**Date: 22/11/2021-30/11/2021**

Objective: Student centric seminar is the process of applying theory and academic content to gain knowledge and experiences, whether in the classroom or in the community, in order to improve program or course-based learning outcomes. This type of curriculum allows students to apply what they have learned in the classroom to real-life situations by working through complex, confusing real-world problems. With these goals in mind, Surya Sen Mahavidyalaya environmental studies students gather some knowledge and experience by examining the real world practical as well as theoretical experience by exchanging their thought about the subject.

Report: Department of Environmental studies was organizing a seven days student centric seminar on 22.11.2021 to 30.11.2021 for the 1<sup>st</sup> semester student on "THE MOTHER EARTH". 54 students are delivering lecture on the particular topic and exchange their knowledge and vies about the topic and 2787 students are attend the program.

**Event Name-Group Discussion****Title- Introduction to Sociology****Date-30/07/18**

**Objective-**Group discussion is conducted with a view to provide the student an opportunity to exchange their ideas, knowledge with other students and faculties directly. The aim of organising group discussion is to develop speaking ability, co-operative spirit, team spirit, discipline, critical thinking, confidence among students.

**Event Summary-**First group discussion for the Honours students of 1<sup>st</sup> semester was held on 30<sup>th</sup> July on the topic 'Introduction to Sociology'. Most of the students of Sociology Honours never read Sociology before. So an elementary level topic was chosen for discussion. Forty-four students were participated in the group discussion. Students were divided into five groups. There was a ice-breaking session so that newly admitted students could be more familiar with one another and also with the teachers. Sub-topic like concept of Sociology, nature of Sociology, scope of Sociology were given to the groups. Chart paper and sketch pen were given to them to jot down their points. Groups were asked one by one to come on dias to share their views with other students and teachers.
